

COURSE DESCRIPTION FOR Class-XII PASSOUT / DROPPERS

(1 Year Regular Classroom Program): SESSION 2022 – 23

XII Passout
1 Year Program

TARGET

IIT-JEE(Main & Advanced) / NEET / AMU

INTRODUCTION

For Engineering Aspirants

[Target: IIT-JEE (Mains & Advanced) | AMU]

Since the competition is fierce the students are prepared as per their competitive skill set and apart from IIT all students are guided and prepared for all level engineering exams and guided for best options as per their need. If you have set your aims high, if you want to touch the stars and reach the sky and more importantly – if you have the courage to say that you shall settle for nothing less than the best, then you – the XII pass student – are perfectly suited to this course. You might have realized by now that you have everything – intelligence, capability and willpower, but that you lack focused guidance – the do's and don'ts of IIT-JEE preparation and a stimulating atmosphere. At this juncture, we offer you our helping hand. Come, resurrect your confidence, shape-up your ideas, strengthen your foundation and get in to the top gear of IIT-JEE preparation with a course that can easily claim to be at par with the best offered anywhere in India. Success in JEE needs many things – razor sharp precision, cool temperament and flawless knowledge. At times you find that though you have an adequate background, still gaps are left, and they need to be filled before IITJEE.

For Medical Aspirants

[Target: NEET & Other medical entrances]

- In this course, the students are methodically prepared for NEET. The coaching will be provided in all topics of Physics, Chemistry, Botany & Zoology for NEET as well as the other Medical examinations.. We shall also give practice of tests on the pattern of NEET. The study material in all the subjects will be provided to students as and when it is necessary to update to match the competition level
- Regular doubt clearing classes are the integral part of this course so as to enhance individual performances. The faculty gives individual and extra attention to these students in order to help them score well this time around. The training becomes even more rigorous and the students are required to go through more and more tests
- The students are encouraged to try out new sets of problems on their own without the help of teachers and such exercises make them more confident.
- It is ensured that a student practices a wide array of problems so as to widen his/ her knowledge domain. Moreover, the problem sets are exhaustive and a student is made to practice these sets again and again till the time he is crystal clear in the approach to solve a problem.
